Salt Lake City, Utah 84107

Dear Mr. Thomas:

Re: Reclamation Contract for Aragonite Mine and Mill, M/045/031,
Tooele County, Utah

Enclosed you will find the Reclamation Contract (Form MR-RC), partially completed, for the Aragonite Mine and Mill located in Tooele County. We have taken the initiative to complete as much of the contract for you as we can. As you will note, there are portions of the contract that you will have to complete. Please complete the appropriate sections and return the completed Reclamation Contract to this office immediately.

As you are aware, Mr. Verl Tidwell, of First Security Bank is setting up a \$6,000 Certificate of Deposit for the mine and mill site areas. Three original letters for setting up the Certificate have been forwarded to him from our office. Once the Certificate of Deposit is set up, and the Reclamation Contract is completed and returned to us, your obligation for posting the initial \$6,000 surety will be fulfilled. The Board of Oil, Gas and Mining must formally accept the amount and form of reclamation surety. The remaining \$6,000 will have to be posted 6 months after approval of the mine site reclamation plans, which you must prepare and forward to this office no later than June 30, 1991, as directed by the Board.

Thank you for your cooperation in completing this permitting action on the Aragonite Mine and Mill.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
